PREPARED

27th of April 2020

Dear parents and carers,

Updated school arrangements for Term 2 have been made to enable sufficient physical distancing to prevent the spread of COVID 19 and to ensure the protection of all staff, families and students.

Here is the latest information from the Department of Education regarding the beginning of Term 2 for students. School will return on Wednesday April 29. In the first 2 weeks of Term 2, the majority of our students will continue with the learning from home program begun towards the end of Term 1. Schools will be open and operational for students that need to attend but where practical, parents are encouraged to keep their children at home. School will remain operational for children of essential workers during this time as per existing arrangements. All students will be provided with online learning to be undertaken at home or completed at school if they need to be there. The work provided is the same.

From Week 3 (Monday May 11), Casula High School in line with Department of Education Guidelines will begin a phased return to onsite learning. A process of consultation is underway with school leaders and staff for the best way to manage this for our entire school community. More information on the model of return will be provided to parents and students as we approach Week 3. Thank you for your continuing support as we all work together to keep each other as safe as possible during this time.

Kind regards,

Gareth Smith

R/Principal
